Ensure every adrenaline rush is fully powered with the convenient Home Charging Station.

Enjoy rapid, cost-efficient charging while relaxing at home. This is the quickest, easiest way to maintain the recommended levels of 80% charge for everyday use and 100% for long trips.

¹ Estimated 31 mi. range based on internal testing and specific conditions using Acura Home Charging Station. Your results will vary based on vehicle and battery condition, charger output, original state of charge, and environmental factors.

Charge up using an appliance outlet or a standard home outlet with the Portable Charging Kit.

For people driving fewer than 15 miles a day, apartment dwellers or home renters, this is a convenient option for Level 1 charging. It's comforting to know you're never far from a power source during an unexpected or unplanned need of a charge.

¹ Estimated range based on internal testing and specific conditions using the Acura Portable Charging Kit. Your results will vary based on vehicle and battery condition, charger output, original state of charge, and environmental factors.

YOUR PARTNERS IN HIGH PERFORMANCE.

Whether you need to install a Home Charging Station or upgrade an outlet to speed up your Portable Charging Kit, trust Acura to deliver exceptional products and services.
