DISCLAIMERS

- 358 hp (SAE J2908) for A-Spec RWD; 490 hp (SAE J2908) for A-Spec AWD; 499 hp (SAE J2908) for Type S
- 324 lb-ft. (SAE J2908) for A-Spec RWD; 437 lb-ft. (SAE J2908) for A-Spec AWD; 544 lb-ft. for Type S
- Maximum towing capacity is 3,500 lbs for RWD. Maximum towing capacity is 3,500 lbs for AWD.
- 313 mile EPA Range Rating for A-Spec RWD; 304 mile EPA Range Rating for A-Spec AWD; 278 mile EPA Range Rating for Type S & Type S with Performance Wheel & Tire. Use for comparison purposes only. Actual range will vary based on several factors, including temperature, terrain, battery age & condition, loading, use and maintenance.
- Requires professionally installed 60A dedicated charge station, sold separately. Actual charge times/range will vary based on battery condition, output of charger, vehicle settings, outside temperature, and other factors. See the vehicle's Owner's Manual for additional limitations.
- Actual charge times/range will vary based on battery condition, output of charger, vehicle settings, outside temperature, and other factors. See the vehicle's Owner's Manual for additional limitations.
- Brembo is a registered trademark of Brembo S.p.A. Brembo's product names are either trademarks or registered trademarks of Brembo.
- Based on SAE J1100 cargo volume measurement standard plus, where applicable, floor space between seating rows and seats in their forward-most and upright position.
- Always pay attention while driving and when using Hands Free Cruise. Do not use a hand-held device. Requires active Hands Free Cruise plan or trial.
- Forward Collision Alert cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions.
- Automatic Emergency Braking & Front Pedestrian Braking cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. System designed to mitigate crash forces. Driver remains responsible for safely operating vehicle and avoiding collisions.
- LKAS only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
- Adaptive Cruise Control cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed, and other factors. ACC should not be used in heavy traffic, poor weather, or on winding roads. Driver remains responsible for safely operating vehicle and avoiding collisions.
- Traffic Sign Recognition cannot detect all traffic signs and may misidentify certain signs. Accuracy will vary based on weather and other factors. System operation affected by extreme interior heat. Driver remains responsible for complying with all traffic regulations.
- The systems are not a substitute for your own visual assessment before changing lanes or backing up, and may not detect all objects, or provide complete information about conditions, behind or to the side of the vehicle. System accuracy will vary based on weather, size of object, and speed. Driver remains responsible for safely operating vehicle and avoiding collisions.
- Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle.
- Blind Zone Steering Assist only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions.
- For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details.
- Google built-in services are subject to limitations and, availability may vary by vehicle, infotainment system and location. Select service plan required. Certain Google actions and functionality may require account linking. User terms and privacy statements apply. Google, Google Play and Google Maps are trademarks of Google LLC.
